MEMORANDUM FOR: Deputy Director for Administration

FROM: Charles A. Bohrer, M.D.
Director of Medical Services

SUBJECT: Records About Drug Experimentation

REFERENCE: [redacted] dtd 2 Oct 78 same subject

1. During the past year the Office of Medical Services (OMS) has conducted several searches for documents pertaining to drug experimentation. The records searched included our Headquarters records and Archives shelf listings. A subsequent search was conducted of those files that the shelf listings indicated materiel on drug experimentation might be filed under. A complete file-by-file search of our administratives records at the Records Center and Agency Archives was completed in July 1978. All records located as a result of these searches have been surfaced to the appropriate authorities.

2. As a result of these searches, we are 100% confident that no retrievable OMS records pertaining to drug activities remain undisclosed.
